AS VISION 2030 ACCELERATES, THE PRESSURE ON SAUDI EMPLOYERS IS MOUNTING.

MORE FRAGMENTED

Organizations are adopting more tools and processes, but it's getting harder to maintain a unified view of their people, processes, and performance.

MORE COMPLICATED

In 2025 alone, 38 Labor Law articles were amended and 2 were added, on top of GOSI, WPS, Mudad and Muqeem requirements. Any mistake means fines.

MORE DEMANDING

69% of employees in KSA used AI at work in the past year, and they expect the same level of tools from their employers.

WHAT ARE HR TEAMS DOING TODAY?

MANUAL PROCESSES

Excel, WhatsApp, Shared Drives

- Low cost & easy to deploy, ideal for micro SMEs
- Data sits on personal devices, with no security, no real-time visibility for management, and no access control
- High risk of non-compliance (GOSI, WPS, Labor Law)
- Process owners spend most of their time on admin tasks, with no time left for HR strategy

GLOBAL HR SYSTEMS

SAP, Oracle, Workday

- High level of customization through local implementation partners
- Not localized to Saudi Labor Law; requires IT work when the law changes
- No integration with government portals
- Large time & cost investment to deploy

LOCALIZED HR PLATFORMS

PalmHR, ZenHR, Jisr

- Comply with Saudi Labor Law by default at affordable rates
- Large customer base in KSA
- Limited employee benefits & lack the innovation of global solutions
- Purely focused on HR & payroll vs. bundling broader, more innovative features

WHAT SHOULD YOU LOOK FOR IN AN HR PLATFORM?

FULL SUPPORT DURING & AFTER ROLLOUT

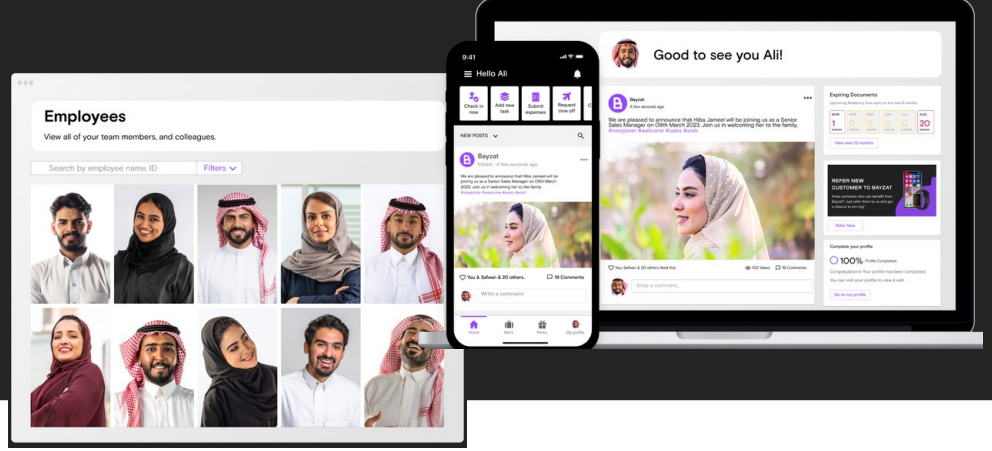

Rolling out an HR system touches every employee, and you shouldn't have to do it alone. When you need help, our KSA Customer Success team is with you, with go-live in 2 to 4 weeks.

EMPOWER HR BEYOND ADMIN

HR's core job is building the organization's workforce strategy, not just doing tasks. That's only possible with strong employee self-service.

WORLD-LEADING TECHNOLOGY, LOCALLY DESIGNED

A real HR partner doesn't just sell you software. It keeps innovating so you get more value every year and stay ahead of your competitors.

HOW IS BAYZAT DIFFERENT?

YOUR SUCCESS IS OURS

Bayzat sets the standard for platform usability and seamless design. Fast and easy to use on mobile, from day one.

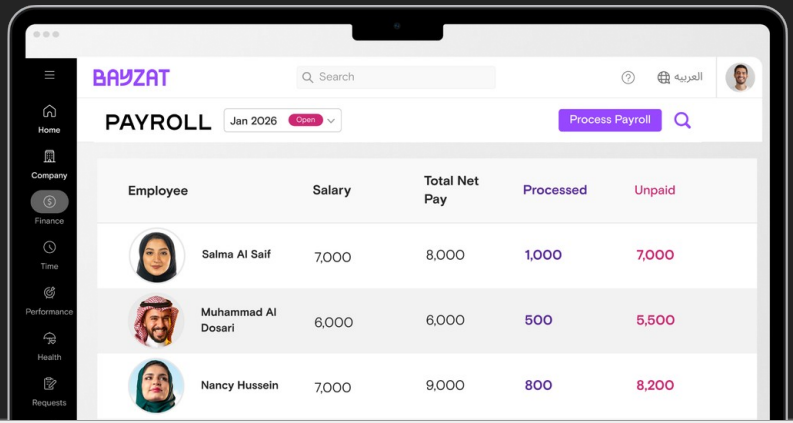

A PLATFORM BEYOND JUST HR

Integrated fintech features that simplify your experience
Salary Advance is built into Bayzat payroll, with more solutions on the way!

Benefits that boost employee wellbeing and loyalty
Build loyalty by giving your employees more: fitness challenges and exclusive offers & discounts.

SAUDI COMPLIANCE: AN AUTOMATED PART OF YOUR OPERATIONS, NOT AN EXTRA TASK

From GOSI, WPS and Mudad in payroll to End of Service and iqama tracking via Muqeem, every transaction is calculated in line with Saudi regulations and updated automatically, keeping pace with Vision 2030 and Saudization.

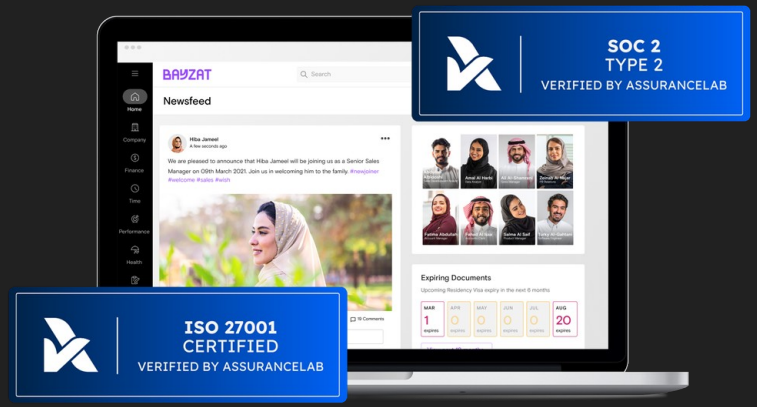

KEY FEATURES

- **GOSI Contributions**
- **Wage Protection (WPS)**
- **Payments via Mudad**
- **Iqama Tracking via Muqeem**
- **End of Service Calculation**
- **Full Arabic Interface**

ENTERPRISE-GRADE SECURITY, CERTIFIED TO PROTECT YOUR HR, PAYROLL & PEOPLE DATA

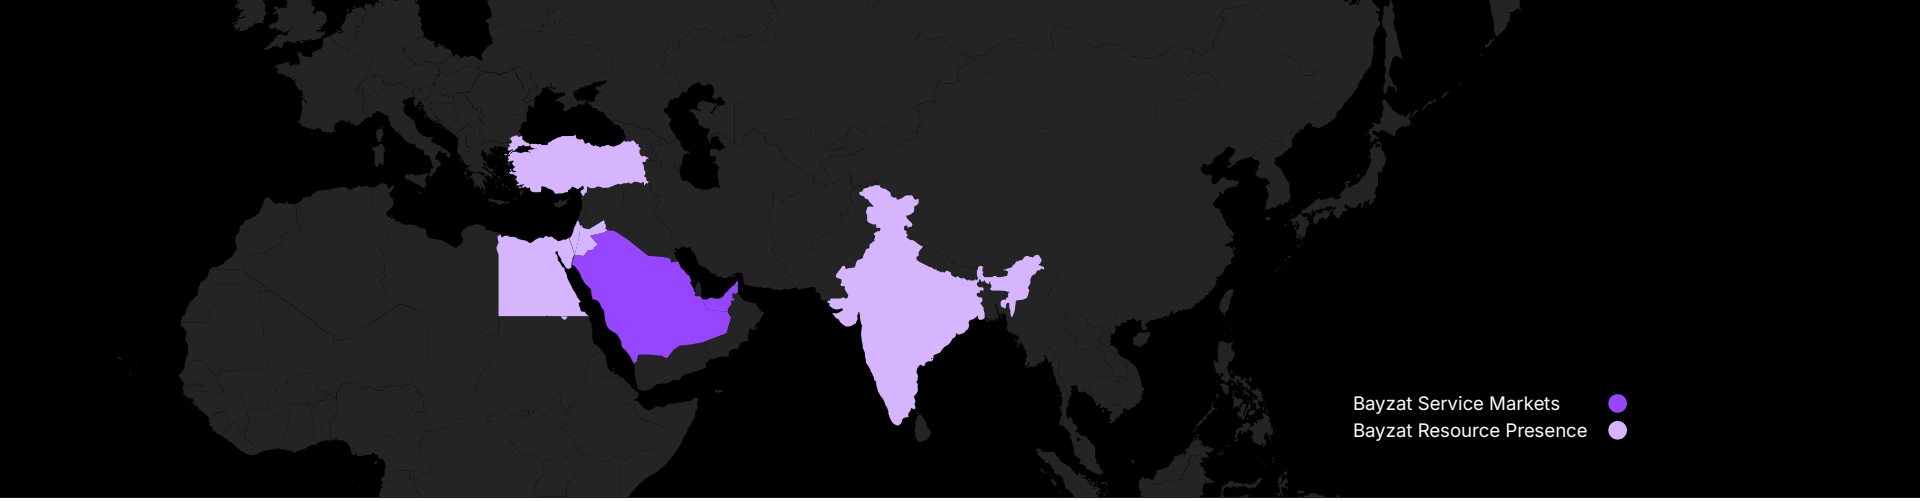

Protecting sensitive employee, payroll, and financial data isn't optional. It's our top priority.
That's why Bayzat holds **ISO/IEC 27001:2022 and SOC 2 Type II certifications**, ensuring your data is protected by the highest global standards for security, compliance, and operational trust. The platform also uses bank-grade encryption, multi-factor authentication, role-based access, regionally compliant cloud hosting, and 99.9% uptime.

What It Means for You

Partnering with Bayzat means working with a security-first platform that meets the highest global compliance standards.

- Enhanced protection of employee data
- Risk and regulatory compliance made easy
- Increased operational efficiency
- Stronger trust with internal and external stakeholders
- Business continuity & peace of mind
- Competitive edge in HR technology
